

Hyper Japan Festival Olympia London

13th – 15th July

Congratulations go to the members of five Bonsai Societies from the South East Region who staged on behalf of FoBBS a display 15 meters x 6 meters at Olympia in London as part of the “Hyper Japan Festival”.

The show is a mixture of the traditional and the new vibrant Japan portraying life in Japan.

The Bonsai Boys straight from their success helping at Chelsea, (another Gold Medal winning event.)

The show was a great success with a lot of interest shown in bonsai related matters and hopefully some potential new member's for bonsai clubs around the country. People were directed to the FoBBS website for more information about the art of bonsai. It makes you feel old when people keep saying I can remember helping my grandfather with his bonsai.

Most photographed trees on display.

Peter Liess, the coordinator for this event, wishes to thank the team for their hard work and long hours over the four days. We all had a lot off enjoyment from the show and the costumes are as always an eye opener.
